PROFESSIONAL SUMMARY

Full Stack Developer experienced in building web applications, e-commerce platforms, and administrative dashboards. Proficient in Next.js, React.js, TypeScript, JavaScript, Python, Django, Django REST Framework, and FastAPI. Experienced in developing RESTful APIs, single-page applications, MERN stack solutions, and database-driven systems using PostgreSQL and Supabase. Skilled in integrating frontend and backend technologies to deliver maintainable, responsive, and user-focused applications.

TECHNICAL SKILLS

Programming Languages: C, C++, Python, JavaScript, TypeScript

Frontend: React.js, Next.js, Single-Page Applications (SPAs)

Backend & APIs: Django, Django REST Framework, FastAPI, Pydantic, Node.js, Express.js, RESTful APIs

Databases & Backend Services: SQL, PostgreSQL, MongoDB, Supabase, Firebase

Developer Tools: Git, GitHub, Docker

PROFESSIONAL EXPERIENCE

Full Stack Developer | Geek Ventures July 2025 – August 2026

- Developed and maintained full-stack features for an e-commerce platform using Next.js and TypeScript.
- Integrated Supabase as a backend-as-a-service (BaaS), working with its PostgreSQL database to support application data and backend functionality.
- Developed administrative dashboards to support e-commerce management workflows.
- Implemented frontend interfaces and connected application features with backend services.

Web Developer | Freelance March 2022 – April 2025

- Built full-stack web applications and single-page applications (SPAs) using React.js, with Next.js used on selected projects.
- Developed backend applications and RESTful APIs using Python, Django, and Django REST Framework (DRF), following Django's Model-View-Template (MVT) architecture.
- Worked with FastAPI and Pydantic to build API endpoints and define request and response data models.
- Delivered MERN stack projects using MongoDB, Express.js, React.js, and Node.js, integrating frontend and backend functionality.

EDUCATION

Bachelor of Science in Computer Science | Iqra University, Karachi | August 2023 – Present

Intermediate in Computer Science | E-Complex College of Science, Commerce, and Arts | March 2019 – June 2021

CERTIFICATIONS

Python Programming — Aptech

JavaScript — freeCodeCamp

Front End Development Libraries — freeCodeCamp

Generative AI: Introduction and Applications — IBM
